ABOUT ME

MSc Computer Science student at Roskilde University with a background in full-stack development. I build web applications using React, Next.js, Node.js and databases. Alongside my studies, I run Norpus Studio, developing software for businesses and my own products.

PROFESSIONAL EXPERIENCE

— Freelance Software Developer - Norpus Studio

July 2025 – Present

Build web applications for businesses, working across frontend, backend, APIs and deployment. Manage client requirements and software delivery.

— Full-stack Developer - CO-E ApS

August 2026 – Present

Developed and maintained production website features, working with frontend functionality, backend integrations, and deployment.

— Full-stack Developer Intern - Studies&Me

August 2024 - January 2025

Developed frontend features with React and Next.js, integrated Node.js APIs, and used Playwright for automated testing and debugging.

— Frontend Developer Intern - Hello Retail

Feb 2023 – Apr 2023

Troubleshoot frontend issues and integrations on live e-commerce websites using JavaScript, jQuery, CSS and Liquid.

TECHNICAL SKILLS

- Frontend: React, Next.js, TypeScript, JavaScript
- Backend: Node.js, REST APIs, SQL, MongoDB
- Testing & Tools: Playwright, Git, Docker, Linux
- Data: Python, Pandas, Scikit-learn

EDUCATION

MSc Computer Science – Roskilde University (2025–Present)

PBA Web Development – EK (2023–2025)

AP Multimedia Design – EK (2021–2023)
